

# GET US OUT! OF THE UN

## Alert Summary

**URGENT: The American Sovereignty Restoration Act ([H.R. 7806](#)) is pending in Congress.** This bill would fully withdraw the U.S. from the United Nations and its associated entities, thus restoring U.S. national independence. The bill currently has [five sponsors and cosponsors](#) in the House; **more representatives (and also senators) should sign on to H.R. 7806.**

The [UN's very purpose](#) is to establish a one-world government at the expense of its members' sovereignty, and it [continues](#) to push for ultra-globalist policies. Furthermore, not only has the Biden administration [pledged fealty](#) to the UN Charter and the Universal Declaration of Human Rights, but it is pushing for "reforming" (i.e. strengthening) the UN. Withdrawal is imperative! *Contact your U.S. representative and senators and urge them to support this bill!*

Many see the United Nations as a global organization working toward the noble goals of world peace and global justice. Yet, the UN's own actions demonstrate loud and clear the true purpose of the organization: to build a world government at the expense of the liberty and independence of its sovereign nation members.

The United Nations is one of the greatest threats to U.S. national sovereignty and the God-given freedoms of Americans. It is imperative that Congress pass and the president enact the [American Sovereignty Restoration Act](#) (ASRA), which would fully withdraw the U.S. from the UN and all its associated entities.

From the start, the UN was a project of the Deep State to achieve a one-world government. This goal is becoming increasingly apparent as the UN's tentacles increasingly strangle the sovereignty of the U.S. and other countries.

The article "United Nations: On the Brink of Becoming a World Government" illustrates the breadth of the UN's reach. The UN and its many agencies and associated entities, including the World Bank, International Monetary Fund, Global Development Learning Network, and the Office for Project Services have many offices around the world. The UN also has many thousands of "peacekeeping" soldiers stationed worldwide.

Not only is the UN already developing a world governmental bureaucracy, but its international-socialist policies are completely antithetical to the U.S. Constitution and the Declaration of Independence.

Among other policies, the UN is pushing for extreme gun control, mass migration, totalitarian "climate change" measures, vaccine passports, indoctrinating children with leftist ideology, establishing a centralized global police force, and so much more.

The UN is also behind Agenda 21 and Agenda 2030, which call for totalitarian control over the entire planet, including the U.S., the economy, our lives, and our children. The UN is also behind the Great Reset, along with its "Build Back Better" central-planning scheme that world leaders including Joe Biden have adopted.

As is evident, many reasons exist for withdrawing the U.S. from the United Nations. The article "Top Ten Reasons to Get US Out! of the United Nations" highlights the primary dangers of the globalist organization:

1. UN grants rights that it can cancel; U.S. recognizes God-given rights that are unalienable and cannot be canceled
2. UN seeks to disarm American citizens.
3. UN is a lawless body that violates its own Charter's Article 2 that forbids intervening in domestic affairs of member states.
4. Each of the 10 men who have served as UN Secretary-General has been a Communist or a Socialist.
5. Several portions of the UN Charter, such as Article 25, override the U.S. Constitution.
6. UN "Regional Alliances," such as NATO and SEATO, plus the UN itself rule our nation's military.
7. UN leaders oppose national sovereignty and favor a UN-led world government.
8. State Department officials bow to UN instead of upholding the U.S. Constitution.
9. Dozens of UN agencies headquartered around the world are building UN power over all nations.
10. The UN seeks disarmament of all nations leading to it alone having a military arm.

***It is imperative that Congress reintroduces and enacts the American Sovereignty Restoration Act. Failure to act could mean the total loss of our Constitution and our God-given freedoms.***
